

Dr. Petrosino's Education Project

PREVIOUSLY KNOWN AS "THE HOBOKEN CURRICULUM PROJECT", THIS BLOG WILL PROVIDE A FORUM FOR THOSE INTERESTED IN DR. PETROSINO'S PERSPECTIVE ON EDUCATION AT THE LOCAL, STATE AND NATIONAL LEVELS. AT ALL TIMES, THE BASIC PREMISE IS THAT THE ROLE OF LEADERSHIP IS TO CREATE MORE LEADERS, NOT MORE FOLLOWERS.

CAREER DAY AT HOBOKEN HIGH SCHOOL

Wednesday morning was Career Day at Hoboken High School. In total, 27 professionals from Hoboken and the surrounding community shared

their expertise and professional life stories with Hoboken High students for a 1 hour class period. Many professions were represented including medical doctor, lawyer, designer, National Guard, psychologist, international banking, performer, librarian, journalist, police, divorce mediator, banking, firefighter, acupuncturist, mathematician, entrepreneur, hair stylist, director/teacher, writer, property management, engineering, fundraiser, accountant, architect, merchandising, and interior design. Special thanks to Principal Lorraine Cella and Ms. Marie McCabe along with dozens of others who made this event today a wonderful learning experience for our students.

The format was different from the past. Previously, the event took place in the school gym and students moved from booth to booth meeting various professionals. This year, it was decided to use a "class period" format where students attended a session run by the professional with a district teacher in attendance in specific classrooms. Discussion already centered on expanding the format to multiple periods for next year.

Career Day was initiated at Hoboken High School by current Board of Education member [Theresa Minutillo](#).
